

WITTE IS IN DANGER OF BEING OVERTHROWN BY HIS ENEMIES

Who Are Again Urging the Sternest Measures of Repression as Necessary.

St. Petersburg Is More Quiet Today, But Serious Rioting With Bloodshed and Pillaging Continues In Most All of the Outlying Provinces.

THE SITUATION AT ODESSA APPALLING

Jews Are Blamed for Creating the Disturbances Which Have Led to the Pillaging of Their Shops and Homes and the Killing of Many Members of Their Sect.

St. Petersburg, Nov. 3.—11:15 a. m.—The national holiday today in celebration of the anniversary of the emperor's accession to the throne was marked by the formal raising of the general strike in St. Petersburg. While the railroad strike has not yet been declared off, many of the railroad men are returning to work and trains are being gotten through. The people are quieter.

Rioting in the provinces are still in progress, especially in the south. The most horrible stories of massacre and pillage by mobs and attacks upon Jews continue to pour in. The news from Odessa is meager but enough has been received to show that the city for a time was practically in the hands of the mobs. The numbers killed or wounded are not definitely established but the London report that 5,000 were killed or wounded is a very great exaggeration. The situation at Kiev is also grave, the spasms of lawlessness and revolutionary manifestation which everywhere caused the promulgation of the "constitution" played into the hands of Count Witte's enemies at court, who, momentarily overthrown, are again beginning to talk of the necessity of the sternest measures of repression to prevent the whole country being drawn into the vortex of a revolution.

There is no truth in the rumor circulated in certain quarters that the emperor has gone abroad.

Financiers Evaded Strikers. Stockholm, Nov. 3.—Geo. W. Perkins, J. Pierpont Morgan, Jr., Mr. Baring and other financiers arrived here today from St. Petersburg on board the Russian steamer Othonna. Mr. Morgan proceeded immediately to London. Mr. Perkins remains here until Saturday. Mr. Perkins said that when they succeeded in chartering the Othonna at Helsingfors the strikers tried to prevent the vessel from sailing for St. Petersburg. Her Captain, however, succeeded in eluding them.

Count Witte is having trouble in forming a cabinet on account of the lack of liberal support. Senator Koni has refused the portfolio of justice and Prince Eugene Troubetsky, brother of the late rector of the Moscow university, is said to have not even replied to the tender of the ministry of education.

Ten Students Killed. Moscow, Nov. 3.—A procession of students returning today with some of their comrades who had been released from prison were set upon by a mob of workmen at the Triumphal arch. Ten of the students were killed.

Situation in Finland. Helsingfors, Finland, Nov. 3.—The municipal council has formed a committee of public safety. It also has notified the strike committee that it considers itself to be in a position to maintain order and has voted \$2,000 for this purpose. The council which meets twice daily has appointed a special committee to confer with the strike committee when the latter requires advice on important questions.

Want Prisoners Released. St. Petersburg, Nov. 3.—An immense meeting of workmen, students and professional men here today demanded the release of political prisoners and the abolition of the state-of-siege to which the victory promised to accede if the strike ceased. The police and troops battered the road to the Viceroyal Palace but otherwise did not interfere.

Joy and Bullets Meet. Baku, Caucasus, Nov. 3.—The joy of the population over the Imperial manifesto is unbounded.

There were separate processions of Mussulmen, Armenians, students and socialists. The socialists marched to

the prison and demanded the dismissal of the political prisoners. Troops fired on the socialists and many of them were wounded.

Railroad Work Resumed. Kailuga, Russia, Nov. 3.—Work on all the railroads has been resumed. All meetings are dispersed by Cosacks.

Sacking Jewish Stores. Romya, Russia, Nov. 3.—During the pillage of the Jewish stores which lasted until yesterday morning, fifteen stores were burned to the ground and many fore were sacked. The rioting began when a crowd killed a rich merchant for refusing to take off his hat to a red flag. Many persons were killed.

Hatred For Cosacks. Warsaw, Russian Poland, Nov. 3.—A remarkable feature of the demonstration was the fraternizing of the people with the soldiers. The latter were carried about on the shoulders of the crowd and were furnished with champagne and cigarettes. All of the population participated in the demonstration. All the stores were closed. The most rage is felt against the Cosacks, who attacked the crowd in front of the city hall, unprovoked.

REIGN OF TERROR Continues in Odessa, Where the Number of Killed Is Incalculable. Odessa, Nov. 3.—12:12 p. m.—After an entirely quiet night shooting again commenced this morning. The red cross is busy attending the wounded. Up to the present time no Christian shops have been touched. The principal hotels are full of better class of Jews seeking refuge from this week's disorders.

There was a veritable reign of terror on Oct. 31. After the emperor's manifesto granting a constitution to Russia had been published, the Jews made the people mad by public display of red flags. Late in the afternoon there was firing in the outskirts of the town and the massacre of Jews commenced and lasted during the night of Nov. 1. All Jews found in the streets were severely beaten and many were killed in their shops which were ruthlessly pillaged. In the poorer Jews' quarters on the outskirts of the town whole streets were destroyed, the soldiers apparently looking on. Crowds of workmen, rowdies, women and children laden with all kinds of loot walked openly through the streets quarreling over the spoils. Bombs were thrown in various parts of the town. Late that night patrols of soldiers and Cosacks restored some semblance of order. The pillaging was continued yesterday and there was heavy firing all over town. Nobody was safe in the streets. People carrying arms who were caught by the troops were shot. The shutters of all houses were ordered closed and people detected shooting from windows were promptly shot. The soldiers used machine guns to clear away the crowd from the vicinity of the port. In fact there was indiscriminate shooting everywhere in town. Firing is still going on as this dispatch is filed. Trade is at a complete standstill. Provisions are still obtainable at greatly increased prices. The gas and water works are working. It is impossible to make an estimate number of killed.

Officials Blame the Jews. Bodies of police, escorted by squads of infantry are placarding the city with notices from the mayor appealing to all peaceful citizens to remain indoors unless the most urgent necessity takes them out.

The recriminations of the different factions in regard to the responsibility for the outbreak are bitter. Official circles blame the Jews but the liberal leaders declare the disorders were engineered in St. Petersburg. A leading general in an interview today argued that the disturbances were the result of behavior of the Jews who rudely shocked Russian patriotism by the manner in which they celebrated on Tuesday the publication of the Imperial manifesto.

The Jews all over celebrated their new found freedom," he declared, "by tearing down the national flag, hoisting the revolutionary banners, insulting the Emperor and boasting that they alone gave Russia freedom. On the other hand the liberal leaders said the simultaneous manner in which the disorder broke out in many towns proved that they were dictated from St. Petersburg in revenge for the concessions recently granted and with the object of creating the impression that

the Russians did not desire the new order of things. The liberals contended that the governor had all the means to stop the outbreak in the first hour and that his inactivity during the three days of massacre and his protection of the murderous rabble in the guise of patriots prove the real origin of the trouble.

Carried Liberty Banner. Rybinsk, Russia, Nov. 3.—A demonstration yesterday of students and workmen carrying banners inscribed with the words "Long Live Liberty" was attacked by Volga Long Shoremen. Many persons were wounded.

BIG COAL DEAL IN PENNSYLVANIA. Uniontown, Pa., Nov. 3.—The sale of 25,000 acres of coal land, one of the largest coal deals ever consummated by local men, was closed yesterday. The property is located in Monongahela and Marion counties, West Virginia, and the price paid by a syndicate is said to \$2,500,000.

MASSACRE DETAILS Received at Hong Kong, by Bishop Merel, of Catholic Church.

DR. MACHLE ESCAPED, But His Wife and Daughter Were Killed by the Chinese.

Hong Kong, Nov. 3.—Bishop Merel, of the Catholic church, has received a letter confirming the news of the massacre of American missionaries at Manchow and giving the following particulars:

"Dr. Machle requested the removal of street traffic near the hospital on account of the noise. This request incensed the people, who, becoming violent attacked the hospital. The mob then paraded the street, exhibiting the skeleton used in the instruction of the medical class and alleging that it was an example of the foreign inhumanity to the Chinese people. Becoming frenzied, the crowd burned the hospital, the girls' schools and the residences of the missionaries.

"Dr. Machle, Mrs. Machle, their ten year old daughter, Mr. and Mrs. Pearl Dr. Chestnut and Miss Patterson took refuge in a cave. The mob pursued them and killed all except Dr. Machle and Miss Patterson who escaped to the Yamen. Dr. Machle was badly wounded.

The American gunboat Callao and two Chinese gunboats with members of the American board of missions are proceeding to the scene of the massacre.

IN ANNUAL REPORT Board of Ordnance Tells Of Tests That Have Been Made ON NEW APPLIANCES Both For Offensive and Defensive Service For the Country.

Washington, D. C., Nov. 3.—The board of ordnance and fortification of the army in its annual report says: "Many tests have been conducted during the year, under the direction of the board of new designs of offensive and defensive appliances, both for sea coast defense and for the service of troops in the field. The principal work connected with the sea coast defense has included tests to determine the kind of armor and their angular presentment against which projectiles having delay and non-delay actions fuses should effect it, the relative value of capped and uncapped mortar shells, when fired at striking angles of 50 and 75 degrees the distance from the unprotected hull of war vessels within which projectiles charged with high explosives must be detonated in the water to prove destructive, and the most efficient shape of shells for rapid fire guns. The principal work connected with the field service has included tests of trenching tools and automatic pistols.

A CONFESSION Has Been Made by One of the Prisoner

Arrested in New York for Connection With Suit Case Mystery.

ADMISSION IS MADE By Crawford That He Assisted In Disposing of the Body.

Victim's Head Believed to Have Been Dropped Into the Water.

Boston, Nov. 3.—With the arrest of Wm. Howard and Louis Crawford, in New York in connection with the Winthrop suit case mystery, the activities of the local police were transferred from Boston to the metropolis. Chief Wm. Watts, of the bureau of criminal investigation and Supt. of Police Pierce, with pawnbroker Beckman who sold the suit case in which the dismembered parts of the victim's body was found in Boston harbor, Timothy Howard, the cabman who drove two men carrying suit cases to the ferry, and other witnesses all had gone to New York on the midnight train, to be present today at the examination of Howard and Crawford.

The condition of Morris Nathan, author of Susan Geary, the victim of the tragedy, was better today than yesterday and he seems to be gaining.

Crawford Is Recognized. New York, Nov. 3.—Superintendent Pierce of the Boston police force and Chief Watts, of the Massachusetts state police, arrived today, accompanied by the witnesses in the suit case mystery who left Boston at midnight with the police officers for this city. When the Boston party arrived at police headquarters, today the prisoners were brought out for inspection. Chief Watts recognized Crawford and said: "I feel sure that Crawford is the head man in this case. He was the principal at the house of Dr. Bishop and it was through him, I believe that Howard or Hunt, as he calls himself, was brought into the case."

Chief Watts said that the case against those who caused the death of Miss Geary was practically closed now, but there would probably be other arrests within a few days.

Hunting for the Missing Head. On the strength of the alleged statement by Howard, one of the New York suspects, that the head of the suit case victim had been thrown from a ferry boat into Boston harbor, in a weighted hand bag, the police today began dragging the bottom of the bottom of the harbor at that point ordinarily traveled by East Boston boats.

Crawford was dressed by order of the New York police in grey clothing when first seen by the Boston police officials and their witnesses. He had on the same clothing he is believed to have worn in Boston when making his alleged trip with the suit case to Boston harbor. In his room at 72 West Eighty-ninth street the police found a grey suit and a long slate colored rain coat, both of which resembled the clothing the cabman Howard said the man wore when he drove from Boston to Chelsea.

When the cab driver saw Crawford he immediately identified him as one of the two men who were in his cab with suit cases on the night when the girl's body was thrown into the harbor. He also identified the prisoner Howard as Crawford's companion that night.

After this identification had been completed, the two pawnbrokers and the prisoners' presence and identified them both. Meyer Kaufman, the clerk, said that Crawford, when he entered the pawnbroker's store to get a dress suit case, said he had thirty pounds of shot in the satchel he was carrying.

The New York police announced after these identifications that Crawford who was reticent when arrested last night, said that he was one of the men who helped to dispose of the body.

The prisoners were arraigned in the toms court and were sent back to police headquarters until Monday. There was no examination in court. The men were held, charged with conspiracy.

Warrants at Boston. Boston, Mass., Nov. 3.—Police Cap-

tain Duran today obtained warrants for the arrest of Crawford and Howard on the charge of committing an abortion on the body of Susan Geary. Warrants were also issued against Howard charging him with being an accessory to the fact. These warrants will be taken before the grand jury for Suffolk county which convenes next Monday and indictments will be asked for.

Police Inspector O'Brien said that Crawford admits having purchased the dress suit cases and to having taken portions of the girl's body to the river, but he denies having had any hand in the death of the girl.

Chief Watts said that both Howard and Crawford had thrown up their hands.

Doctor Now Under Arrest. Boston, Nov. 3.—Dr. Perry D. Melrod, of 177 Hunting avenue, this city was arrested this afternoon on the charge of being connected with the suit case mystery. The arrest was on information furnished by Chief Watts, of New York. Dr. Melrod is held on the charge that he was the person who dismembered the body of Susanna Geary.

A telephone message was received here from Supt. Pierce at New York, that a confession had been obtained from Crawford and Howard. In this, it is alleged, the men stated that the bag containing the head of the victim dropped from the east Boston ferry boat about two minutes after it had left the east Boston yard. The head of Miss Geary according to the confession, is in the girls own hand bag which was veiled with shot to sink it.

THEY WERE ALL "GOING SOME"

New York, Nov. 3.—The contest for the typewriter championship of the United States was held in Madison Square garden last night. There were nineteen contestants. The winner of the first prize of \$100 was Paul Munter, of this city, who wrote 2,099 words in thirty minutes. Miss Rose Fritz, also of New York, won second prize, of \$50, with a record 2,084 words in thirty minutes. Miss May Carrington, of Springfield, Mass., was third, with a record of 2,004 words.

KILLED HER HUSBAND. Pensacola, Fla., Nov. 3.—A jury last night returned a verdict against Mrs. F. M. Turner, charging her with manslaughter. She shot and killed her husband yesterday at her home, after he abused her. Turner was one of the guards of the state board of health. Mrs. Turner claims she thought the revolver was unloaded.

HOTEL FIRE AT MAUCH CHUNK, PA. Mauch Chunk, Pa., Nov. 3.—A fire broke out in the American House today partly destroying that structure. Guests were compelled to flee in their night clothing, leaving their personal effects in the burning building. Aid was asked of the Lehigh fire department and an engine and hose carriage were sent to the scene. The flames were confined to the eastern wing of the hotel, but the main part of the structure was badly damaged by smoke and water. The court house was not damaged. Loss \$25,000.

ON BOARD THE CEDRIC. New York, Nov. 3.—Casper Purdon Clark, director of the Metropolitan Museum of Art, arrived here today on the steamer Cedric, from Liverpool.

BLEW SAFE, BUT GOT NO MCNEY. Washington, Ind., Nov. 3.—Cracksmen visited the Odeon bank, fifteen miles east of Sanborn, last night and were only frustrated in securing \$6,000 in cash by the fact that the nitroglycerin they used loosened the bottom of the vault in such a way that it was impossible for them to get at the money. The cracksmen escaped.

POISONED CANDY IN CHICAGO CASE. Chicago, Nov. 3.—Suspicion that arsenic was put in candy which is said to have been sent to Mrs. Elizabeth Sangster, whose whereabouts the police will not reveal, has caused an investigation by the police and states attorneys. Chemists are testing carefully to discover, if possible what was in the candy to cause the illness of Mrs. Sangster's 12 year old daughter. Mrs. Sangster, charging alienation of her husband's affections, is suing for \$10,000 damages, a sum an druggist at Jacksonville, Ill. Mr. Sangster is a salesman for a candy company.

THE QUESTION Of Jurisdiction Raised In the Inquiry

Which Is Being Made Into the Affairs of Private Car Lines

AN OBJECTION IS MADE By Counsel Representing the Armour Lines at the Hearing.

Claims Armour People Are Not In the Carrying Business.

Washington, D. C., Nov. 3.—Geo. B. Robbins, of Chicago, president of the Armour car lines was called as a witness in the private car line inquiry before the interstate commerce law committee. At the outset the counsel for the Armour car line, led by Mr. Reichtman, opposed an intimate inquiry into the Armour company's business on the ground that the interstate commerce commission had no jurisdiction over its private operations. Mr. Robbins had testified that the Armour lines operate about 5,250 cars. Mr. Berry for the commission asked the amount of the capital stock of the company and the attorney offered an objection against this inquiry, but Mr. Berry contended that this information was necessary to arrive at the basis of charges for refrigeration and the profits in the business. Mr. Berry asked how many cars, owned by the Armour car lines are engaged in the packing house business which question precipitated the objections by the company's counsel. Chairman Knapp announced that the inquiry seemed proper whereupon attorney Reichtman repeated his claim that the commission was without jurisdiction. He asked permission to interrogate the witness to make use of attitude of the company clear on the record. The request was granted and Mr. Robbins then testified that the Armour car lines are not engaged in the transportation or carrying business but solely in the business of leasing cars to railroads and furnishing refrigerators to shippers. He asserted that the respondent railroads have no part in fixing the charges for refrigeration, nor the car lines any part in fixing the charges for transportation.

MISSIONARY WOMEN Pledge Themselves to Raise Over One Half Million Dollars DURING COMING YEAR.

Society Adjourned Its Session in New York Last Evening

New York, Nov. 3.—Having pledged itself to raise \$542,775 the coming year the executive committee of the Woman's foreign missionary society of the Methodist Episcopal church brought its thirty sixth annual session to a close yesterday with a service of song and prayer.

It was a stirring moment when, late in the afternoon the secretary of the branch after another rose and announced what her branch would give. The figures, barring some thank offerings, were as follows:

New England \$44,836, New York \$4,360, Philadelphia \$5,550, Baltimore \$15,500, Cincinnati \$68,375, Northwestern \$123,000, Des Moines \$58,000, Minneapolis \$21,320, Topeka \$31,000, Pacific \$103,160, Columbia River \$3,500. One thousand dollars had already been pledged to the new school building in Peking, and \$1,000 from the children.

HE'S HEARD THIS BEFORE. Paris, Nov. 3.—The changes of communications going on between the powers have reached a stage where a point naval demonstration against Turkey is practically assured unless the Sultan promptly accepts the plan of the powers for financial reforms in Macedonia.

R. DANIEL KLINGER

Dead Away at 12:30 This Morning, as a Result of Injuries.

John Green Was Called at 11:30 Last Night.

Notes.

At 11:30 last night, a messenger called on John Green, a resident of South Lima, Ohio, and informed him that his wife, Mrs. Green, was lying on the floor in the kitchen, apparently dead. Green immediately telephoned for a doctor and a messenger from the hospital. At 12:30 this morning, Mrs. Green was pronounced dead. She had been suffering from a heart ailment for some time. Her death was a great loss to her family. The funeral will be held at the home of the deceased on Saturday morning. The burial will take place in the cemetery at 10 o'clock.

CONTAGIOUS BLOOD POISON

Contagious Blood Poison more than usually present in the blood than any other disease. It is a disease of the blood, and it is a disease that is contagious. It is a disease that is caused by a germ, and it is a disease that is spread by contact with the blood of an infected person. It is a disease that is fatal, and it is a disease that is preventable. It is a disease that is caused by a germ, and it is a disease that is spread by contact with the blood of an infected person. It is a disease that is fatal, and it is a disease that is preventable.

I was afflicted with blood poison, and the best doctor I could find told me that I had to have my blood purified. I tried many different remedies, but none of them did any good. I was almost dead when I met Dr. S. S. S. and he told me that he could cure me. I tried his medicine, and I was cured. I am now healthy and strong, and I am able to do my work again. I am a great believer in Dr. S. S. S. and I recommend it to everyone who is afflicted with blood poison.

So highly contagious is this disease that many a life has been ruined by a friendly hand shake or from using the same articles of one infected with the disease. To cure this hideous and terrible disease a constitutional remedy is required. S. S. S. goes down to the very root of the trouble and forces out every particle of the virus from the blood and cures the disease permanently. S. S. S. is purely vegetable and drives out the trouble, restores the blood, and no signs of it are ever seen again. Those who have been cured by S. S. S. can feel assured that none of the poison is left in the blood to transmit to innocent offspring. The entire body is built up and the blood made pure, rich and healthy by this great remedy. Book with instructions for home treatment and any medical advice desired will be given free of charge.

South Lima Has a Few. "Why don't you advertise?" asked a traveling salesman of a Kentucky merchant, who had disposed of less than a dozen hats and a few bolts of

cloth in six weeks.

When the merchant told him the story of the hats and cloth, the salesman said: "I'll tell you what, if you don't advertise, you won't get any more business. You've got to get the public's attention, and the only way to do that is by advertising. You've got to get the public's attention, and the only way to do that is by advertising. You've got to get the public's attention, and the only way to do that is by advertising."

There are merchants in South Lima who do business in every line of goods. Don't actually expect customers to make their wants known through the newspapers, or they go and find for a customer a customer, in order to a while then to wonder why their neighbor, who advertises, does such a good business and why all the other merchants are going to the wall. They seem to be in a hurry to get their goods into the hands of the public, but they don't know what they are doing.

News in Brief Form. Mrs. Grant Jones, of Third street, has as guests, her sister, Mrs. Mollie Core, of Spencerville, and three cousins, Misses Mayne and Olivia Weller, and Mary Babr, of Boxeytown, Pa.

John Linderman and family, and Lem. Linderman and family, of Second street, will ship their household goods to Cleveland Saturday, and after Tuesday will make that city their future homes.

Mrs. Geo. Fuller and son, of Denver, Colorado, are visiting J. B. Young and wife, of South Main street.

McElroy & Deery is the name of a new real estate firm. Ed. McElroy is a South Lima man, while Mr. Deery is from the north side. In order to even things up they will take rooms in the Faure block.

Mrs. John Olney, of Second street, entertained the Aid society of the Second street M. E. church this afternoon.

Scarlet fever has made Raymond George, son of Mr. and Mrs. E. B. George, of Broadway, a very sick lad. Mr. Vernon relatives are entertaining Mrs. A. C. Hardesty and children, of South Pine street.

Miss Elizabeth Krebs, who has been housekeeper at the St. John's parsonage the past year, has come to Minister to live.

While visiting her son, A. W. Vernon, of Greenlawn avenue, Mrs. Sarah Vernon, of Harrod, fell the other day and dislocated her left wrist. She is 75 or 80 years old.

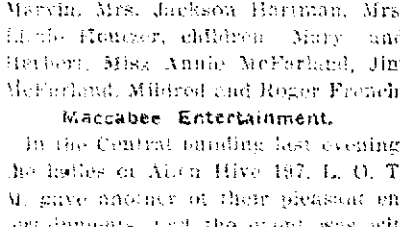

After visiting the A. W. Vernon family, on Greenlawn avenue, Miss Hazel Shertick returned to Harrod this morning.

It will be a piece of belated news,
even if it did get in before the elec-
tion, to a hundred or more men who
put their shoulders to the wheel to
secure the hospital to know that
George Newson did all the following:
In fact George Newson has a reputa-
tion as "Shower" made a fellow
in Lima can testify to that; the ex-
pression included.

Charley, Corporal Donze, has been
the tool of Quail ever since the judi-
cial convention. Mr. Quail recognized
in Donze a man he could handle, and
he put the corporal on his staff by
sending him a written notice that he
would be a delegate to the judicial
convention, before the call for the
convention had been issued.
Donze, if elected will be as busy
in the hands of the boss to do with as
he pleases.

Royal Baking Powder

Absolutely Pure

DISTINCTIVELY A CREAM OF
TARTAR BAKING POWDER

It does not contain an atom of phos-
phatic acid (which is the product of bones
digested in sulphuric acid) or of alum
(which is one-third sulphuric acid) sub-
stances adopted for other baking powders
because of their cheapness.

Mr. Newson, frozen Mr. Newson,
and frozen too, with a fifty dollar
subscription in his pocket, does not
deny his recent long distance tele-
phone talk with "Boss" Cox.

There is no significance of graft in
the name George, yet it is rather a
striking coincidence that George Cox
and George Quail are stellar attrac-
tions in the role of boss.

COX FOR U. S. SENATOR.

On the morning of July 21st, the
Republican-Gazette laid bare the true
motives behind its support of Herrick
for governor in the following editorial:
"George B. Cox will go to the sen-
ate, succeeding J. B. Foraker, if Myron
T. Herrick is elected governor owing
to a twist in the constitutional amend-
ment, to be voted upon this fall. The
man who is elected governor will have
the appointment of a United States
senator to succeed Foraker. That is
why Cox is making the fight of his
life to elect Herrick which according
to past history of Ohio politics is prac-
tically assured. There is no secret to
this ambition of Cox. His friends point
out it would be the ideal rounding out
of his career. It was this ambition that
led him to avail himself of being in-
troduced to Alcee Roosevelt recently."

WE NAME THEM.

How many republicans had any
daring to do with naming the republi-
can and county, city tickets? We'll
tell you who they are and you can
count them your self.

"Boss" Quail, Albert Gale, Jimmie
Heffer, "Berlie" Campbell, Frank
Downing, Sardius Abbott and so
on.

That gang made the slaves, disre-
garded the rank and file of the party,
keeping from them the place
where delegates were to be selected,
and in packed and boss controlled con-
ventions rather than the slaves.

The honest, independent and true
is the unrecognized element in the re-
publican party will have com-
plete revenge at the polls.

NOTICE TO PUBLIC.

There is being prepared in the
county clerk's office this afternoon, a
circumstantial attack on a gentleman
who is a candidate on the democratic
ticket.

It may, probably will reach the
public through the bird organ.

We denounce it in advance, and
will be ready with the proof to es-
tute it to the fullest extent, should it
be given to the public.

The honest and self-respecting re-
publicans and there are thousands of
them in this county, are not going to
take their orders from "Boss" Quail,
Albert Gale, Jimmie Heffer, "Berlie"
Campbell and Frank Downing.

The Quail cause is lost—Albert
Gale is not headed, and is freely offer-
ing to do his moral combat with any
and every newspaper man who ques-
tions the right of the Quail gang to
run the city and county.

But Albee Roosevelt has a reputation
as "Shower" made a fellow
in Lima can testify to that; the ex-
pression included.

The man who loses his head when
he is shot, are buried at him, admit-
ting truth, and tacitly acknowledges
that his battle is lost.

SOMETHING ABOUT TAX RATES.

No better illustration of the differ-
ence between the republican manage-
ment of affairs in Lima, and a demo-
cratic administration in the handling
of the county's business can be pre-
sented than by comparing the tax
rates for eight years back.

City rate—1898, 16.8 mills; 1899,
17.6 mills; 1900, 17.9 mills; 1901, 19.9
mills; 1902, 20.7 mills; 1903, 28.5 mills;
1904, 27.1 mills; 1905, 27.25 mills, or
an advance of eleven mills in eight
years.

The tax duplicates in Lima for 1898
were \$7,558,815, and the tax levied to
cover all city expenses was 16.8 mills.
This produced a revenue for all pur-
poses of \$127,492.09.

The tax duplicate for the city in
1905 is \$10,289,871. The tax levied
by the city council to cover all munici-
pal expenses in the year 1905, was
27.25 mills. This produces a revenue
of \$279,570.69.

Expense of city government in 1898,
\$127,492.09. Same in 1905, \$279,570.69
—an increase under republican man-
agement in Wright's year of \$151,877.
31 in the annual expense of conducting
the affairs of Lima.

But that isn't all. In 1898 the city
only had an indebtedness of \$566,606.
Today Lima owes one million, one
hundred and seventy-three thousand
dollars in eight years of \$151,877.
31 four hundred and thirty-four dollars
and twenty-eight cents.

In the eight years the tax duplicate
valuation in Lima has increased \$2,
310,658, about twenty-five per cent. The
expenses of running the city has in-
creased over one hundred per cent,
and the indebtedness has almost
doubled.

These are the fruits that have come
to the taxpayers from republican con-
trol in municipal management.

County Affairs.

Contrast the above with democratic
control of county affairs for the same
period. County rates—1898, 7.16 mills;
1899, 7.16 mills; 1900, 7.02 mills; 1901,
7.21 mills; 1902, 7.15 mills; 1903,
Wright's first year in the commis-
sioner's office, 8.15 mills; 1904, 8.05 mills;
1905, 7.7 mills.

From these official figures it will be
seen that while the city rate has ad-
vanced 11 mills in 16 years, the coun-
ty rate for 1905 is practically the
same as that of 1898, the latter being
7.15 mills, while that of 1905 is 7.7
mills.

The tax duplicate for the county in
1898 was \$12,331,311.00; the tax rate
for all county purposes was 7.15 mills,
from this \$884,683.31 was raised, and
adjudiciously expended.

The county duplicate in 1905 is \$15,
927,170.00. From a tax rate of 7.7
mills, for all county purposes, there
was realized \$122,908.75, or \$34,739.82.
With the tax duplicate in the city
and county increased practically the
same there is need for serious thought
in the above figures.

Lima's indebtedness has more than
doubled in ten years.

It costs because of bad management,
and the municipal code \$151,877.31
more a year to run the affairs of the
city than it did eight years ago, and
this burden falls on the taxpayers.

The tax rate in eleven years has
increased from 16.8 mills to 27.25
mills.

The Contrast.

The tax rate in the county is the
same as it was eight years ago.

The county doesn't owe one dollar
of bonded indebtedness.

The expenses of running the coun-
ty have increased for all purposes, only
\$14,739.82 in eight years while the
city has increased \$151,877.31.

The county on the 31st of October,
had a cash balance of \$10,502.04.

These represent democratic econ-
omy.

These are facts, official figures, and
every taxpayer in Lima should study
them carefully. If he does, not one

man in his city will cast his vote for
the Quail ticket with any of county
population of which means a return
of being and a great increase in the
tax rates in both in the city and coun-
ty.

NEWSPAPER ARCHIVE

The Doctor says, "Milk!"

WHEN you are sick that's what he feeds you on.—Milk. Because Milk, and Oysters, are the only two complete foods. A quart of rich Milk has as much nourishment as a pound of Beef, and twice as much of it can be digested. Yet a quart of such rich (47 Butter-fat) milk will cost you only about one-third the price of a Beef-steak. But, Milk doesn't agree with some people. Because most fresh milk,—half, at least, of it,—contains Disease Germs. Many plagues of Diphtheria, Typhoid Fever, and Scarlet Fever, have been started through Cow's Milk containing Disease Germs. Ask your Doctor. All Milk, or Cream, should therefore be sterilized before using it. But sterilizing is a slow process, it done at home, and therefore costs more than the milk. That's why you should drop your Milkman and use Van Camp's Sterilized Cream for Coffee, Cooking and Drinking. A Can of this gives you about a Quart of good "Cereal Cream" for 10 Cents, or a Pint of double-thick Cream for Tea or Coffee, at 10 Cents. Two pints of water, added to one Ten-Cent tin of "Van Camp Cream" gives you about three pints of very rich milk,—at 5 1/2 cents per quart. This milk will have 4 per cent of Butter-fat in it, while most milk (sold by the Milkman) contains only 3 to 3 1/2 per cent of Butter-fat. And, Butter-fat is the Soul of Milk.

Van Camp Sterilized Cream keeps for years, in tins, and for days when open in the Refrigerator. Because, the Germs that sour milk, as well as the Germs that carry Disease, have all been killed out of it by Van Camp, through scientific Sterilization. No waste with Van Camp Cream or Milk, because you open only one pint at a time, and it keeps, when open, for days. Always ready for use, and if you store a case of it in the pantry you may have double-thick Cream, single "Cereal Cream," rich Milk, or thin Milk, all from the same Ten-Cent Can. A Case contains 48 Tins, and costs only \$4.50 from your Grocer. This reduces the cost to about 9 cents a Pint Tin. Don't risk your health, and the health of your family, with suspicious milk from dirty Cow Barns, and unclean Milk hands, when Sterilized Cream and Milk are so cheap. Van Camp Sterilized Cream is not sweetened, scorched, thickened or Starched, as with "Condensed Milk." It is just pure, clean, Cow's Cream and Milk, with nearly all the Water drawn out of it, and with all the Disease Germs killed by sterilization. For Coffee, Tea, or Cooking, it is far finer, and fuller flavored, than the most expensive fresh Cream, yet it will cost you only 9 Cents a tin, the year around, if you buy it by the case. At all Grocers,—single cans Ten Cents each. Get one today. Our Cook Book, called "Van Camp's Delicious Cream Dishes," tells how to make scores of toothsome things, at small expense, with cream. BOWRON IS RETIRED

As General Manager of the
C. H. & D. Effec-
tion Now.

GOES EAST WITH ERIE

While J. C. Stuart's Juris-
Diction Is Extend-
ed Here.

Another change effective with the first of the month but not announced until now is the retirement of General Manager R. H. Bowron from the C. H. & D. Mr. Bowron is still in the employ of the Erie management but assumes charge of the Erie division from New York to Salamanca, as general superintendent.

It is announced that the jurisdiction of J. C. Stuart, General Manager of the Erie Railroad, has been extended over the Cincinnati, Hamilton and Dayton and the Chicago, Cincinnati and Louisville Roads.

A. J. Stone, former general superintendent of the Delaware and Hudson company, has been appointed as assistant general manager of the three roads.

E. A. Williams, now assistant general manager of the Erie, has been appointed general mechanical superintendent of the three roads named, and also of the Pere Marquette.

ORDER IS ISSUED

To Compel Obedience of Railroads to Commission's Ruling.

Cincinnati, O., Nov. 3.—The United States government, through United States District Attorney McPherson began proceedings to compel obedience on the part of four railroads, to an order of the interstate commerce commission. The hearing is before Judge Thompson, of the U. S. circuit court. The railroads are the C. H. & D., the Penna., the Big Four and the Baltimore and Ohio Southwestern. The decision of the interstate commerce commission rendered in this city some months ago was on the complaint of the Proctor and Gamble Co., that the roads in question were discriminating against it in the classification of packages of soap shipped in less than carload lots. As classified by the railroads higher rates were placed on the shipment of the company. The commission was in favor of the Proctor and Gamble Co., and the railroad were directed to make lower rates. District Attorney McPherson has brought the action to force them to obey. He has the assistance of special counsel L. A. Schirer and W. A. Glasgow representing the interstate commerce who arrived here from Washington. The reason alleged for the action of the railroads is said to be the claim that the interstate commerce commissioners were without authority for ruling rates.

RHEUMATIC PAINS

INVARIABLY YIELD TO DR. WILLIAMS' PINK PILLS.

Because the Poisoned Blood is Made Pure and Inflamed Tissues Healed.

When, with the approach of cold or wet weather, the rheumatic patient feels twinges of pain in the joints and muscles it is natural to think that the trouble is local and that it is caused by the chill or the damp. The truth is that rheumatism is a disease of the blood, caused by the failure of the body to cast off certain poisons. It is hereditary and often runs in several generations of one family. Cold, dampness and certain localities do promote the development of the disease, but the root of the trouble is always in the blood.

With this fact firmly in mind, it will be readily seen how useless it is to try to cure rheumatism by rubbing liniments on the skin. External applications are of use in securing temporary relief from pain—the cure for rheumatism lies in purifying and enriching the blood. The one remedy that has cured more cases of rheumatism than any other is Dr. Williams' Pink Pills and an instance of its power is found in the case of Mrs. Frederick Brown, of 40 Sumner street, Glen Falls, N. Y.

Mrs. Brown who is now in the prime of life and the mother of a family, was a sufferer from inflammatory rheumatism from the time she was sixteen. She says: "It first appeared in my knee joints, then in my arms and waist. It became a regular thing that I would be laid up all winter. The rheumatism affected mostly my hands, hips, feet and shoulders. My hands were all puffed up and my feet became deformed. I lost my appetite, couldn't sleep and sometimes I was compelled to cry out, the pain was so intense.

"For several winters I was under the doctor's care and while his medicine relieved the pain for a little while there seemed no prospect for a permanent cure. I was confined to my bed, off and on, for weeks at a time. My limbs swelled dreadfully at times and I was reduced almost to nothing.

"In the spring of 1904, upon the advice of a friend, I began to use Dr. Williams' Pink Pills. At that time I wasn't able to do anything and could barely eat enough to keep alive. I felt a change for the better in about a month. I began to eat heartily and suffered less pain. Of course I kept on the treatment, using care in my diet, and in about three months I was cured. I am entirely well today and to all my own work. One of my daughters was also cured of rheumatism by the use of Dr. Williams' Pink Pills and my other daughter has taken them with success for debility. She has greatly improved her strength, appetite and spirits and is a walking testimonial for the pills.

Dr. Williams' Pink Pills cured Mrs. Brown by driving the rheumatic poisons out of her blood. They don't act on the bowels. They do one thing, and they do it well—they actually make new blood. In that way they root out the cause of most common diseases like anemia, indigestion, headaches, lumbago, neuralgia, catarrh, spinal weakness and the special ailments of girls and women, who suffer unspeakably when the richness and regularity of their blood becomes disturbed. But you must get the genuine Dr. Williams' Pink Pills, sold by all druggists. If you cannot obtain them readily, write the Dr. Williams Medicine Co., Schenectady, N. Y. A copy of our booklet, "Diseases of the Blood," sent free on request.

THE STAGE.

At the Faurot opera house tomorrow afternoon and evening a performance of "The Mummy and the Hunting Bird," a play that was hailed as a success on the occasion of its very first production, and that seems to have gone on gaining increased success and popularity with every additional representation. It is a comedy that is everywhere described as entertainingly pleasing to all classes of amusement seekers, in that it possesses an ingenious plot that is cleverly developed; tells a story that is subtle and forceful; contains situations that are novel and often startling; holds one's attention closely from beginning to end by the strength and interest of its action and in its humor is brilliant and sparkling. Mr. White, who appears again this season, as he did last, in the role of Lord "Jack" Lumley, has proved by the warm favor with which his performance has everywhere been received as popular with audiences as any representative of the part could well be, and the other members of Mr. Murry's company, which this season again includes Henry Carl Lewis as Giuseppe the organ grinder, are declared to be fully worthy of the high claims made in their behalf. In announcing this performance the management has no hesitation in stating that it will prove one of the most enjoyable of the season.

THE JAIL CLEARED

Four More Prisoners Up to Receive Sentence This Afternoon.

THREE FOR COLUMBUS

While Young Mitchell Drew a Commitment at Mansfield

Prosecuting Attorney William Kling, flushed up his criminal work today, or rather that portion which is ready for the finishing touches, five prisoners being brought in for sentence, and four of these disposed of. William Nichols, the horse-thief, was sentenced to 30 months in the penitentiary at Columbus; John Butler, for grand larceny, drew one year in the same institution; and Harry Murphy, convicted for forgery, got a two years sentence to Columbus also. Harry Mitchell, convicted of pocket-picking, was sentenced to an indeterminate term in the Mansfield reformatory.

John Bice, scarcely speaking above a whisper, also appeared in the court room, and plead guilty to petit larceny, the same offense for which his colleagues were convicted. The court deferred passing sentence upon him until he had looked carefully into his case.

To care against Joseph Pelligrini has been assigned for November 1906, and it is expected that an assignment will be made soon of the cases against Amos Young and F. Olson, these three ending the career of the present prosecutor.

UPPER BRANCH

Of the Ohio Legislature Is the Goal

Which Senator Berry and Dr. Denman Are Sure to Attain.

HAVE NO OPPOSITION

And Are Held in High Esteem by Members of Both Parties.

Former Is Up for Re-election and Denman a New Nominee.

No matter what the result of the battle of ballots on Tuesday next, seven counties of northwestern Ohio, namely Allen, Auglaize, Van Wert, Williams, Paulding, Defiance and Mercer counties, known as the Thirty-second senatorial district, will send two democrats to the upper house of the Ohio legislature. Against the nominees of democracy, the republicans have named no opponents and the time has long since passed when names could be placed on the ballot. This district is overwhelmingly democratic, caused by the big majorities in Auglaize, Mercer and Allen, but though many republicans desired to name opponents to the democratic nominees others were averse to it, both men being held in high esteem. Senator T. M. Berry has had a previous term, and Dr. William M. Denman made a good record as the representative of his county. Williams, in two terms in the lower house only a few years ago. For this reason those two men will on Tuesday next have a unanimous vote.

Senator T. M. Berry, nominated as a resident of Van Wert county two years ago, is now a general merchant at Spencerville, this county, but still a large land owner in Van Wert. He was a farmer when nominated for auditor of Van Wert county and elected in 1896, serving two terms. He was nominated two years ago in a five-cornered fight and in the convention his present colleague was also a candidate for the same honor.

He served in the last general assembly and was one of the four democratic members of the upper house, being the author of a county officers' fee and salary bill that passed the senate but was killed in the house. Though a strong democrat, Senator Berry is in home affairs a true Rooseveltian, being the father of a family of thirteen children, all living in twenty-four years, the parent being yet a young man, several years under fifty. Senator Berry had no opposition for a second term, and was nominated as a resident of both Van Wert and Allen counties, and claimed by both.

Senator To-Be Denman. Dr. William M. Denman is now a man well matured in years, who for 28 years has been a practicing physician in the village of West Unity, Williams county. He is a leading man of affairs in that community, being president of the Brady Fire Insurance company and proprietor of the West Unity Brick, Tile & Manufacturing company, the leading commercial enterprise in the village. Dr. Denman is a Knight Templar, Thirty-second degree Scottish Rite Mason, and a charter member of Zenobia Temple of the Mystic Shrine. Though active in politics of his party for a quarter of a century, he refused all political preferment until six years ago, when he was forced to make the race for representative in Williams county, was elected and served in the Seventy-fourth general assembly, refusing however, a renomination, though tendered by acclamation on account of pressing business demands. Dr. Denman first appeared as a senatorial aspirant in the convention at Defiance four years ago, and later at Wapakoneta, when there were five candidates, two years ago. There was a deadlock, Senator Berry finally being nominated as a compromise candidate, he at that time residing in Van Wert. Dr. Denman's second attempt was at Van Wert in May when he was named on the first ballot.

AGAINST AMENDMENT.

The following resolutions were adopted by the Auglaize Grange, No. 347:

"Whereas, we the members of Auglaize Grange No. 347 believing that the amendment proposed to the constitution of the State of Ohio and to be voted upon at the coming election, would be a menace to the farmers and taxpayers in general and increase the rate of taxation on the poor and lessen it on the rich.

"And whereas, believing as we do that all men are created equal, and believing also that some few because of financial surroundings should receive no special favors.

"And whereas, being a farmer's organization, organized for the benefit of the farmer, we do hereby pledge ourselves to do all in our power to defeat this amendment."

FULL LOAD OF SHOT

Into His Body Received by Harry Reed, of Shawnee.

THE CRY OF DISTRESS Was Heard by Fisherman on Reservoir Who Gave Aid.

The St. Marys Leader has the following account of the accident on the reservoir, to Harry Reed, of Shawnee township, this county: A most distressing accident happened on the reservoir, at 8 o'clock this morning. Harry Reed, of Hume, and Daniel Ramga, of Buckland, had taken a boat and gone out on the pond a distance of about two miles in search of game. Ramga laid his gun down in the boat for the purpose of taking charge of the oars. While in the act of shifting his position the gun was accidentally discharged, the whole load striking Reed in the back,

near the kidneys, and passing almost through the body. Aggrieved and horrified at the thought of his brother-in-law having probably been fatally shot, Ramga made all possible haste in giving the alarm.

N. F. Ambuhl and I. S. Bittler of Wapakoneta, who were also on the pond at the time, heard the cry of distress and responded promptly. These gentlemen helped to row the boat to the shore.

Mrs. Harry and Guy Noble and Dr. V. Body were summoned, and in the meantime the wounded man was carried to the residence of Mrs. Trowbridge, near the bulkhead. Upon the arrival of the physicians, and after a careful examination, it was announced that Reed could not recover, and that he would probably live only a few hours.

Although he was in no way responsible for the accident, Mr. Ramga is almost beside himself with grief over the unfortunate affair, and all who saw him this morning could not do otherwise than deeply sympathize with him.

Reed is a married man and has one child. He and Ramga are both members of leading families in their respective communities, and the accident has fallen like a pall over the community where Reed lives.

THE IDLER.

The receivership of the National Oil company has been lifted, and Receivers E. S. Nichols, of Wapakoneta, and Rev. I. J. Miller, of this city, discharged. The struggle has been a long one in both the civil and federal courts, starting last spring, but the company is said to be now in good financial shape, and its operations will be continued.

Even Bluffton has fallen a victim to the skating rink fever and M. L. Mayer, of this city is building a new rink in the village, on which work is being rapidly pushed.

Hon. M. A. Daughterty, of Lancaster, was the chief speaker at a big democratic rally in Wapakoneta, last night.

We were favored this morning by a very pleasant call by Mrs. T. L. Willsee, of Lima, formerly Miss Bertie L. Smith, of this city. Mrs. Willsee had been at Celina, where she attended the annual convention of the Woman's Home Missionary society.—St. Marys Leader.

Jacob Schindel, sr., who lives west of Spencerville, started his gas fire the gas coming from wells on his farm. During the day he noticed gas escaping and opened the doors to overcome the odor. On retiring, he left the gas burning and about two o'clock arose and opened the stair door, as he thought it was too warm. Returning to bed he was overcome by the fumes of the gas, and would probably have died but for the arrival of his son, about six o'clock. Jacob Schindel, Jr., went to his father's house early and finding the chores undone and the house locked, he became alarmed and summoned John Lea, a neighbor, and the two broke into the house and there found old Mr. Schindel unconscious from the effects of the gas. Medical aid was summoned, but Mr. Schindel did not regain consciousness until about noon. He is now doing well and every sign indicates that he will fully recover. The leak of gas was caused by the chimney becoming clogged with soot.—Spencerville Journal.

KIMONAS AND HOUSE GOWN.

These of pretty printed flannellette and costing you ready to put right on, only a trifle more than the retail price of the bare materials, can be had at Blum's, 221-223 north Main street.

THREE ATTEMPTS Will Be Made By Walker to Defeat Skater.

The management of the Majestic rink has secured an attraction for Thursday, Friday and Saturday evenings of this week, a handicap match between Willie O'Connor, one of the speediest of the many local skaters, and Chas. F. Morse, the champion professional pedestrian of Michigan. In a square heel and toe walk, Mr. Morse will attempt to walk one mile at the Majestic rink while O'Connor skates two miles. The contests have been held elsewhere during the season and have proven intensely interesting.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.
